

IIT Mandi ranks #6 in India Today Rankings 2020 under the Best Technical Universities category

IIT Mandi's South Campus

Indian Institute of Technology Mandi has been ranked #6 under India's Best Technical University category of India Today's Rankings 2020. Along with this, the Institute has been ranked #2 under the Value for Money parameter; #4 in Career Progression and Placement; #5 in both Infrastructure & Living Experience, and, Objective parameters; #6 in Academic & Research Excellence; #7 in the Perceptual parameter; #9 in Personality and Leadership Development, and, #11 in Intake Quality & Governance. Also, the Institute was ranked #1 among the newer IITs.

The rankings have revealed the continuous efforts and initiatives taken by the institute at different academic as well as extracurricular activities. With expertise in the research areas such as Advanced Materials, Design and Fabrication of Electronic Devices, HCI, Artificial Intelligence, BioX, among others, IIT Mandi is on its way to becoming a world-class research centre. The interdisciplinary research environment with the world-class research facilities, IIT Mandi is emerging as a centre of excellence in India and abroad.

To cater the growing needs of the Indian industry, IIT Mandi has introduced several specialised courses in the Bachelors, Masters and Doctoral programmes in Science, Engineering and Humanities and Social Sciences. The Institute's strategy towards excellence and high impact research, locally and globally, has remained focused towards addressing the major challenges of the Himalayan region and of India. Over the past 10 years, IIT Mandi has grown at all fronts, setting and crossing milestones set for each year, and further setting new goals and standards.
