

TENDER

FOR

SUPPLY & INSTALLATION OF FLEXIBLE DATA ACQUISITION AND
PROGRAMMABLE REAL TIME ENGINE CONTROL SYSTEM WITH INTEGRATED
INJECTOR DRIVERS

IN SCHOOL OF ENGINEERING, IIT MANDI

Tender No.: IITMANDI/Admin/PUR-176/2014-15/7990-91

Tender date: 07th March, 2015

Last Date of submission: 30th March, 2015

Indian Institute of Technology Mandi

Transit Campus: Mandav Hotel, 2nd Floor (Near Bus Stand), Mandi – 175001 (H.P)

Tel.: 01905-237993 **email:** add@iitmandi.ac.in

Indian Institute of Technology Mandi, Mandi invites tender for supply, erection, installation, commissioning, testing, demonstration and training of **Flexible DATA Acquisition and Programmable Real Time Engine Control System with Integrated Injector Drivers**, as per specifications given in the Annexure attached to the Tender form. All offers should be made in English and should be written in both figures and words. Tender forms can be downloaded from the website (<http://iitmandi.ac.in/administration/tenderseoi.html>) of the Institute.

The bidders are requested to read the tender document carefully and ensure compliance with all specifications/instructions herein. Non-compliance with specifications/instructions in this document may disqualify the bidders from the tender exercise. The Director, IIT Mandi, Kamand reserves the right to select the item (in single or multiple units) or to reject any quotation wholly or partly without assigning any reason. Incomplete tenders, amendments and additions to tender after opening or late tenders are liable to be ignored and rejected.

Terms and Conditions:

1. The technical and financial bids should be quoted separately and put in different sealed envelopes marked "**Technical bid**" or "**Financial bid**" as applicable. These separate bids envelopes are to be put in an outer envelope which should also be sealed.
2. The Vendors who have earlier supplied the equipment to any of the IITs, IISc, IISERs and other Scientific Institute of National Repute may only tender. The details of such institutions and the cost with name of equipment may also be supplied with the bids.
3. The technical and financial bids should be submitted in original. The financial bid should include the cost of main equipment/item and its accessories. If there is any separate cost for installation etc. that should be quoted separately.
4. Each individual sealed envelope as well as the outer envelope should be marked with the following reference on the top left hand corner: "**IITMANDI/Admin/PUR-176/2014-15/7990-91/Item Name. _ _ _ _ dated 7th March, 2015**"
5. The printed literature and catalogue/brochure giving full technical details should be included with the technical bid to verify the specifications quoted in the tender. The bidders should submit copies of suitable documents in support of their reputation, credentials and past performance.
6. The rates should be quoted in figures (typed or printed) and cutting should be avoided. The final amount should be in figures as well as in words. If there are cuttings, they should be duly initialed, failing which the bids are liable to be rejected.
7. Any bids received after **1:00 P.M. on 30th March, 2015** shall not be considered
8. The Technical Bids will be opened on **30th March, 2015 at 02:30 P.M.** The date & time for opening of Financial Bids will be informed later on to the technically qualified bidders.
9. While sending rates, the firm shall give an undertaking to the effect that "*the terms/conditions mentioned in the enquiry letter/Tender Notice against which the rates are being given are acceptable to the firm.*" In case the firms do not give this undertaking, their rates will not be considered.
10. If the supplier/firm is original equipment manufacturer (OEM)/authorized dealer/sole distributor of any item, the certificate to this effect should be attached.
11. The quantity shown against the item is approximate and may vary as per demand of the Institute at the time of placing order.

12. All tender documents should have to be sent through courier, speed post or registered post only. All tender documents received after the specified date and time shall not be considered.

The postal address for submitting the tenders is:

**“Assistant Registrar, Stores and Purchase”
Indian Institute of Technology Mandi (IIT Mandi),
Administrative Block (Mandav Hotel,
Near Bus Stand), Mandi – 175001 (H.P), India”**

13. In the event of any dispute or difference(s) between the vendee Institute (IIT Mandi) and the vendor(s) arising out of non-supply of material or supplies not found according to specifications or any other cause whatsoever relating to the supply or purchase order before or after the supply has been executed, shall be referred to “The Director, IIT Mandi”, Kamand who may decide the matter himself or may appoint arbitrator(s) under the arbitration and conciliation Act,1996. The decision of the arbitrator shall be final and binding on both the parties.
14. The place of arbitration and the language to be used in arbitral proceedings shall be decided by the arbitrator.
15. All disputes shall be subject to Mandi Jurisdiction only.
16. All tenders in which any of the prescribed conditions is not fulfilled or any condition is putforth by the tenderer shall be summarily rejected.
17. The bidders or their authorized representatives may also be present during the opening of the Technical Bid, if they desire so, at their own expenses.

Note: Price bids of only those bidders will be opened whose technical bids are found suitable by the committee appointed for the purpose. Date and time of opening of price bids will be decided after technical bids have been evaluated by the committee. Information in this regard will be posted on Institute’s web site / Notice board. In exceptional situation, an authorized committee may negotiate price with the qualified bidder quoting the lowest price before awarding the contract.

18. Clarifications:

In case the bidders requires any clarification regarding the tender documents, they are requested to contact our office (e-mail: add@iitmandi.ac.in & arsp@iitmandi.ac.in on or **before 23/03/2015**).

19. Tender Cost:

A Demand draft of **Rs. 1,000/- (Rupees One Thousand only)** towards non-refundable **tender fee, drawn in favour of “The Registrar, IIT Mandi”** payable at Mandi should accompany the Technical bid documents. In the absence of tender cost, the tender will not be accepted.

20. Earnest Money Deposit (EMD):

A refundable amount of **Rs. 35,000/-** earnest money deposit (EMD) in the shape of DD from a scheduled bank in India (**valid for a minimum period of 3 months from the date of submission of tender**) should accompany the bid documents. The DD drawn in favour of

“The Registrar, IIT Mandi” payable at Mandi should accompany the bid documents. The EMD should be kept in a separate sealed envelope, should be marked clearly and put in the outer envelope that contains the technical and financial bid envelopes. The bidders should enclose a pre-receipted bill for the EMD to enable us to return the EMD of unsuccessful bidders. Failure to deposit **Earnest Money** will lead to rejection of tender. The bidders should submit separate EMD. In the event of the awardee bidder backing out, EMD of that bidder will be forfeited.

21. **Pre – Qualification Criteria:**

- a. Bidders should be the manufacturer / authorized dealer. Letter of Authorization from original equipment manufacturer (OEM) on the same and specific to the tender should be enclosed.
- b. The Vendors who have earlier supplied the equipment to any of the IITs, IISc, IISERs and other Scientific Institute of National Repute may only tender. The details of such institutions and the cost with name of equipment may also be supplied with the bids.
- c. An undertaking from the OEM is required stating that they would facilitate the bidder on a regular basis with technology/product updates and extend support for the warranty as well.
- d. OEM should be internationally reputed Branded Company.
- e. Non-compliance of tender terms, non-submission of required documents, lack of clarity of the specifications, contradiction between bidder specification and supporting documents etc. may lead to rejection of the bid.
- f. **Furnishing of wrong/ambiguous information in the compliance statement may lead to rejection of bid and further black listing of the bidder, if prima-facie it appears that the information in the compliance statement was given with a malafide/fraudulent intent.**

22. **Prices:**

- a. The Prices quoted should be inclusive of all taxes or duties, packing, forwarding, freight, insurance, delivery and commissioning etc. at destination site (IIT Mandi, Mandi/Kamand). IIT Mandi is registered with DSIR, Govt. of India and is exempted from Custom / Excise Duty. Exemption Certificate to this effect will be issued by IIT Mandi. **Hence, Customs/Excise Duty exempted price should be quoted.** The rates shall be firm and final. Nothing extra shall be paid on any account. **In the price bid/financial bid, the vendor should clearly mention the final price breakup i.e. ex-work price/FCA price, FOB price, CIP/CIF price & FOR IIT Mandi, Kamand Campus price, as applicable in their bid.**
- b. In case of imported equipment(s)/item(s), the agency commission, if any, payable in Indian rupees should be mentioned separately. For imported equipment, the Letter of Credit will be opened for the amount excluding agency commission in Indian Rupees. The firm should clearly mention the address of foreign bank in the financial bid.

23. **Validity:**

The bid should be valid for acceptance up to a period of 180 Days. The Bidders should be ready to extend the validity, if required without any additional financial implications.

24. Delivery:

The Equipment should be delivered and installed within the period as specified in the purchase order and be ready for use within 24 weeks of the issue of purchase order unless otherwise prescribed. If the bidder fails to deliver and place any or all the Equipments or perform the service by the specified date, penalty at the rate of 1% per week of the total order value subject to the maximum of 10% of total order value will be deducted.

25. Training:

Bidders need to provide adequate training to the nominated persons of IIT Mandi at their cost. IIT Mandi will not bear any training expenditure.

26. Warranty Declaration:

Bidders must give the comprehensive on-site warranty as required from the date of successful installation of Equipment against any manufacturing defects and also give the warranty declaration that *“everything to be supplied by us hereunder shall be free from all defects and faults in material, workmanship and shall be of the highest quality and material of the type ordered, shall be in full conformity with the specification and shall be complete enough to carry out the experiments, as specified in the tender document.*

Any deviation in the material, and the specifications from the accepted terms may liable to be rejected and the bidders need to supply all the goods in the specified form to the satisfaction / specifications specified in the order / contract and demonstrate at their own cost.

27. Performance Bank Guarantee: A performance bank guarantee from a scheduled bank in India for an amount equal to 10% of the price for duration of two months beyond the expiry of warranty period will be taken from the supplier or Indian agent.

28. Terms of Payment: Payment will generally be made only after delivery and satisfactory installation, testing, commissioning etc. **This must be specified in the tender/quotation.**

- In case of imported supplies, payment (excluding Indian agency commission, if any) will be made through irrecoverable Letter of Credit in two installments. 80 % of the money will be released on submission of shipping of documents. Remaining 20 % will be released after successful installation of the instrument and submission of a performance bank guarantee for 10% of the order value from a nationalized bank, valid for 2 months beyond the expiry of the warranty.

29. Tender expenses and documents: All costs incurred by the bidder in the preparation of the tender shall be at the entire expense of the bidder.

30. Tender Evaluation Criteria: The technical bids will be opened and evaluated by a duly constituted committee. After evaluation of the technical bid, the financial bid for only those offers which have qualified in the evaluation of technical bid will be opened.

31. The IIT Mandi reserves the right to cancel the tender at any stage (point of time) without assigning any reason.

32. Return of EMD:

- The earnest money of unsuccessful bidders will be returned to them without any interest within 30 working days after awarding the contract.

- The earnest money of the successful bidder will be returned to them without any interest within 30 Days after supply of material.

33. **Manual and documentation:** All the manuals necessary for operating and servicing the equipment (including details of electronic circuits) will have to be provided along with the instrument.

34. Bidders should go through the tender terms, conditions and specifications carefully and fill in the attached compliance statement accurately and unambiguously. They should ensure that all the required documents are furnished along with the bid.

Ref:-ENQUIRYNO:- **IITMANDI/Admin/PUR-176/2014-15/ Flexible DATA Acquisition and Programmable Real Time Engine Control System with Integrated Injector Drivers**

Flexible DATA Acquisition and Programmable Real Time Engine Control System with Integrated Injector Drivers Specifications

Quotations are invited for purchase of Flexible DATA Acquisition and Programmable Real Time Engine Control System with Integrated Injector Drivers. This acquisition system should be able:

- to acquire **Synchronized** in-cylinder pressure, fuel line pressure, temperature, noise and vibration signals (flexibility to accept different sensors and signal conditioning systems) with programmable control of internal as well as external trigger and timing control from a shaft encoder (flexibility to accept different encoders) on a engine test bench.
- Based on above acquisition, this system should be able to process real-time data for producing control signals for fuel injection system. Control parameters/algorithms will be implemented by user, quoted system should provide flexibility for implementing them through Graphical user interface based programming language and necessary drivers for supplied hardware. Compatible software for controlling acquisition, data analysis along with programming real time controller needs to be provided.
- Integration and supply of injector drivers for PFI, Piezoelectric and solenoid control injectors with necessary power source is also to be included in offer. Flexibility to accept different injectors is required.
- For off-engine testing and help in programming of system flexible programmable multi-shape function generator and voltage/ current measurement provision is also required. Supplied software and drivers should provide flexibility for acquisition and

Offered acquisition and real time control system should take into account specifications given below:

Flexible DATA Acquisition and Programmable Real Time Engine Control System with Integrated Injector Drivers	
1.	<p>Compact real-time I/O controller :</p> <ul style="list-style-type: none"> ▪ High-performance multicore system for intense embedded monitoring and control applications ▪ Processor and Storage: GHz dual-core Intel Core i7 or better processor, 32 GB or higher non-volatile storage, 2 GB DDR3 800 MHz RAM or better ▪ Connectivity options for interfacing with devices:1 MXI-Express, 4 USB Hi-Speed, 2 Gigabit Ethernet, and 2 serial ports for connectivity and expansion ▪ 8-slots chassis for custom I/O timing, control, and processing ▪ Necessary software for Real-Time control

	<ul style="list-style-type: none"> ▪ Operating environment: 0 to 55 °C operating temperature range
2.	<p>Requirement for measuring voltage signals</p> <ul style="list-style-type: none"> ▪ 8 single-ended channels, ▪ 800 kS/s sample rate ▪ ±60 V measurements range, ▪ 12-bit resolution ▪ 250 Vrms channel-earth
3.	<p>Requirement for measuring thermocouple signals</p> <ul style="list-style-type: none"> ▪ 4 channels or more ▪ 100 S/s per channel simultaneous inputs (50 S/s per channel for thermocouple) ▪ Support for thermocouple, RTD, resistance, bridge, voltage, and current measurements ▪ Provision for quarter-, half-, and full-bridge support; built-in voltage and current excitation ▪ 250 Vrms, CAT II, channel-to-channel isolation ▪ Spring-terminal connectivity
4.	<p>Injector Driver Requirement for Port fuel injectors:</p> <ul style="list-style-type: none"> ▪ 4-channel low- or high-impedance PFI driver with 4 A peak, 1 A hold current profile ▪ Tunable peak duration for injection time control ▪ Open/short circuit detection and reporting with short circuit disable ▪ 4-channel general-purpose low-side solenoid driver ▪ External power supply of 6 V to 32 V ▪ Necessary power supply to be supplied.
5.	<p>Injector Driver Requirement for High Pressure Direct Injectors:</p> <ul style="list-style-type: none"> ▪ Piezoelectric as well as solenoid injector driving capability ▪ 3 or more channel solenoid direct injector driver, 2 or more channel piezo injector driver ▪ Up to 190 V internal boost power supply (1 V resolution) and 40 A peak/15 A hold current ▪ Operates from 6 V to 32 V battery or DC power supply ▪ Necessary power supply to be supplied.
6.	<p>Noise and Vibration Measurements (accelerometers and microphones signals):</p> <ul style="list-style-type: none"> ▪ 4 channel or more analog input module for IEPE accelerometers and microphones ▪ 51.2 kS/s per channel maximum sampling rate; ±5 V input ▪ 24-bit resolution; 102 dB dynamic range; anti-aliasing filters ▪ Software-selectable AC/DC coupling; AC-coupled (0.5 Hz) ▪ Software-selectable IEPE signal conditioning (0 or 2 mA) ▪ Smart TEDS sensor compatibility
7.	<p>Signal acquisition requirements mentioned in (2-5) and real time control implementation based on processing of those signals should be possible. Provision for trigger and acquisition with external timing control through high resolution</p>
8.	<p>Apart from measurement signals mentioned above additional only acquisition capability with provision to internal as well as external trigger and time control according to shaft encoder (with 4 simultaneous channel or higher voltage</p>

	<p>sampling rate 180 kHz or higher per channel) should also be possible. Detailed specifications are as follows:</p> <ul style="list-style-type: none"> ▪ Connection with PC:USB ▪ Required input channels: 16 or higher no. Analog Input, 24 or higher number Digital I/O, 4 or higher number Analog Output, ▪ Single channel sampling rate: 2 MS/s or higher sampling rate ▪ Power supply and necessary connection accessories with recording computer
9.	<p>For off-engine programming, testing and diagnostic of this acquisition and control system arrangement for testing pulses and recording of outputs at various control terminals need to be provided. Required specifications are as follows:</p> <p>Test signal Acquisition</p> <ul style="list-style-type: none"> ▪ Bandwidth: 100 MHz ▪ Channels: 2 or higher analog, 30 or more digital ▪ Sampling Rate: 1 GS/s (single channel), 500 MS/s/ch (dual channel) <p>Test Pulse Generation Capability</p> <ul style="list-style-type: none"> ▪ Max Frequency: 20 MHz (sine), 5 MHz (square) ▪ Waveform Types: sine, square, ramp, triangle, DC <p>Digital Multimeter mode capabilities</p> <ul style="list-style-type: none"> ▪ Measurement Functions: VDC, VAC, IDC, IAC, continuity, resistance, diode <p>Programmable DC Power Supply</p> <ul style="list-style-type: none"> ▪ Channels: 3 or more ▪ Voltage/Current available ranges: 0 to +6 V/0 to 1 A, 0 to ±25 V/0 to 0.5 A <p>Digital I/O</p> <ul style="list-style-type: none"> ▪ Channels 8 (input or output) ▪ Logic Level 5 V compatible LVTTTL input, 3.3 V LVTTTL output
10.	Price and other concessions applicable to educational institutions should be provided.
11.	Warranty: 3 years, Mode of support after warranty period also needs to be specified.
12.	Include the price of all the accessories needed for reliable and safe operation of the instrument on engine test bed along with necessary programming and off-engine testing.
13.	Expenditure of all consumables for 3 year operation should be included in the quotation.

General Terms and conditions:

i) Vendors are supposed to quote suitable software/hardware for recording pollutant concentrations data in wide temperature range.

ii) Warranty and maintenance

a. The complete instrument should be under warranty at least for a period of **three year** from the date of installation. Additional cost, if any for extended warranty of three years may be quoted.

- b. In case of breakdown during the warranty period, a competent service engineer of the supplier should make as many visits as are necessary to rectify the problem and replace the faulty parts, without any liability of cost. But it should be repaired within 72 working hours from the date and time of complaint lodged by the user. In case of any delay in repair without adequate justification, there will be penalty of rupees 5,000/- per day for the down time. Supplier should ensure to provide all spares required for making the instrument operational.

iii) Annual maintenance contract

Quote the cost of onsite annual maintenance for two years after warranty period.

iv) Installation and training

Installation should be done by the manufacturer. On-site two week training for operation and application may be given to the users free of cost. IIT Mandi will not bear any training or leaving expenditure in this regard.

v) Spare parts

The supplier of the instrument must confirm in writing that the spares for the entire instrument will be available for a period of at least ten years after the model of equipment supplied has been phased out. For frequently required spares, there should be adequate inventory with the Indian agency.

vi) Manual

One set of operating manual and service manual including detailed drawings and circuit diagrams (in English) should be provided with the instrument.

vii) User list with contacts

Vendor should provide us a list of installations in India with all contact details and model details so that IIT Mandi can approach the contact person for any feedback. In case of any doubt about capability of the machine, the vendor will have to arrange demonstration at any site bearing the cost including the travel and other expanses of IIT Mandi representative.

viii) Compliance Statement

The supplier must submit technical brochures and proper application notes adequately explaining and confirming the availability of the features in the model of the equipment being quoted.

The supplier must submit a table indicating the compliance of the features of the model of the equipment being quoted with those given in the indent. Features not matching – must be clearly indicated.

Additional features and Features in the quoted equipment which are better than those in the indent – may be clearly explained.

COMPLIANCE STATEMENT FOR THE TENDER SPECIFICATIONS

INDIAN INSTITUTE OF TECHNOLOGY MANDI HIMACHAL PRADESH-175001
